YOU ARE INVITED to join us on Thursday, May 7, for the 2015 Friends of Hannon Library Annual Membership Event and an amazing lecture. Donnie Maclurcan will talk about his forthcoming book, How on Earth: Flourishing in a Not-for-Profit World by 2050 (Post Growth Publishing, August 2015). At 20, Donnie attained the Guinness World Record for the fastest journey on foot across Australia running from Perth to Sydney in 67 days, raising $30,000 for the Fred Hollows Foundation which restores sight to people in developing countries. Donnie is a Fellow of the Royal Society of the Arts, an Honorary Research Fellow with the UTS Institute for Nanoscale Technology, a Distinguished Fellow at the Schumacher Institute, and a member of the SOU faculty (Economics). With fieldwork in Thailand, his Ph.D. resulted in two books: Nanotechnology and Global Quality and Nanotechnology and Global Sustainability, which have been translated into 20 languages. His lecture is sure to enthral; you will learn about Donnie’s vision of how not-for-profit organizations can play a major role in building a more caring and sustainable economy.

This year’s annual event is free and all are welcome. We will enjoy complimentary hors d’œuvres at 5:30 pm. A brief annual meeting takes place at 5:50 pm, with the keynote speaker taking the podium at 6 pm. The event will be held in Hannon Library’s Meese Meeting Room (LIB 305). For information call 541-552-6816.

We also invite and encourage you to become a member of the Friends of Hannon Library, and if you are a member, to continue your membership. Over forty years ago we began as an organization committed to raising money to buy resources and materials that the university could not afford with its regular budget. Our mission remains vital as the prices of books, journals, and electronic resources continue to rise. The Board of the Friends remains committed to supporting Hannon Library as they provide important new services and resources.

We hope to see you Thursday, May 7, for a no-cost evening of good company, refreshments, and a stimulating keynote by this unique and entertaining scholar. We promise you a delightful evening.
